ETTIE LEE FOSTER FAMILY AGENCY CONTRACT COMPLIANCE MONITORING REVIEW

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Ettie Lee Foster Family Agency (the FFA) in January 2013. The FFA has one licensed office located in the First Supervisorial District, and provides services to County of Los Angeles DCFS foster children and youth. According to the FFA's program statement, its mission is "To provide each child with a safe and nurturing environment in which to meet his/her unique challenges, to provide the most home like environment possible and to offer comprehensive and effective treatment that supports the child to meet his/her goals."

At the time of the review, the FFA supervised 61 DCFS placed children in 29 certified foster homes. The placed children's average length of placement was 12 months, and their average age was six.

SUMMARY

During OHCMD's review, the interviewed children generally reported: feeling safe at the FFA; having been provided with good care and appropriate services; being comfortable in their environment and treated with respect and dignity. The certified foster parents reported they were supported by the FFA staff in their efforts to provide care, supervision and service delivery to the children placed in their homes.

The FFA was in full compliance with seven of 11 sections of our program compliance review: Licensure/Contract Requirements; Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medications; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; and Discharged Children.

"To Enrich Lives Through Effective and Caring Services"

OHCMD noted a deficiency in the area of Certified Foster Homes related to the FFA not completing re-assessments during re-certification.

In the area of Facility and Environment, it was noted that at one certified foster home, the pool gate was not locked.

OHCMD also noted a finding in the area of Maintenance of Required Documentation and Service Delivery regarding two initial Needs and Service Plans (NSPs) were not completed in a timely manner.

In the area of Personnel Records, OHCMD noted that the FFA did not have written declarations for two part-time contract FFA social workers that each of their collective caseloads would not exceed 15 children.

Attached are the details of our review.

REVIEW OF REPORT

On March 14, 2013, the DCFS OHCMD Monitor, Sharon Koga, held an Exit Conference with the FFA representative Karen Cash, FFA Director. The FFA's representative: agreed with the review findings and recommendations; was receptive to implementing systemic changes to improve their compliance with regulatory standards; and agreed to address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

The FFA provided the attached approved CAP addressing the recommendations noted in this compliance report.

OHCMD will confirm that these recommendations have been implemented during our next monitoring review.

**ETTIE LEE FOSTER FAMILY AGENCY
CONTRACT COMPLIANCE MONITORING REVIEW
FISCAL YEAR 2012-2013**

SCOPE OF REVIEW

The following report is based on a “point in time” monitoring visit. This compliance report addresses findings noted during the January 2013 monitoring review.

The purpose of this review was to assess Ettie Lee Foster Family Agency (the FFA's) compliance with the County contract and State regulations and included a review of the FFA's program statement, as well as administrative internal policies and procedures. The monitoring review covered the following 11 areas:

- Licensure/Contract Requirements,
- Certified Foster Homes,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For purposes of this review, 10 children were selected for the sample. Out-of-Home Care Management Division (OHCMD) interviewed each child and reviewed all ten case files to assess the care and services they received. Additionally, four discharged children's files were also reviewed to assess the FFA's compliance with permanency efforts. At the time of the review, six placed children were prescribed psychotropic medication. We reviewed their case files to assess for timeliness of Psychotropic Medication Authorizations and to confirm the required documentation of psychiatric monitoring.

OHCMD reviewed three certified foster parent files and five staff files were reviewed for compliance with Title 22 Regulations and County contract requirements. Interviews were conducted with three certified foster parents to assess the quality of care and supervision provided to children.

CONTRACTUAL COMPLIANCE

OHCMD found the following four areas to be out of compliance.

Certified Foster Homes

- Two certified foster homes did not have re-evaluations/re-assessments done prior to re-certification. During the exit interview, the FFA representative responded that a re-assessment form has been developed and recently implemented.

Recommendation

The FFA's management shall ensure that:

1. Certified foster parents are re-assessed prior to re-certifications.

Facility and Environment

- One certified foster home did not have the pool gate locked. Upon notification of the situation, the FFA immediately had the certified foster parent put a lock on the pool gate. During the exit interview the FFA representative responded that the FFA will conduct training for the FFA social workers and certified foster parents to ensure compliance.

Recommendation

The FFA's management shall ensure that:

2. Pool gates are locked at all times.

Maintenance of Required Documentation and Service Delivery

- Two initial Needs and Service Plans (NSPs) were completed two days late. During the exit interview the FFA representative responded that training will be conducted for the social workers to ensure that they are clear when initial NSPs are due.

It should be noted that the FFA's representative attended the OHCMD's NSP training for providers on January 27, 2012.

Recommendation

The FFA's management shall ensure that:

3. Initial NSPs are completed timely.

Personnel Records

- The FFA did not have written declarations for two part-time contract FFA social workers that each of their collective caseloads would not exceed 15 children. During the exit interview the FFA representative responded that the FFA will develop a document for part-time contract social workers to sign and maintain a copy in their personnel file.

Recommendation

The FFA's management shall ensure that:

4. All part-time contract FFA social workers have written declarations that each of their collective caseloads would not exceed 15 children.

PRIOR YEAR FOLLOW-UP FROM DCFS OHCMD's FOSTER FAMILY AGENCY CONTRACT COMPLIANCE MONITORING REVIEW

The OHCMD's last compliance report dated May 14, 2012 identified four recommendations.

Results

Based on our follow-up, the FFA fully implemented three recommendations for which they were to ensure that:

- Foster parents receive 15 hours of yearly on-going training prior to re-certification and that the FFA supervisory staff routinely monitor foster parent files to ensure on-going compliance.
- Staff will encourage and assist children in creating and updating a Life Book/Photo Album.
- All employees have current CPR/First Aid training and that documentation is maintained in the personnel files.

Based on our follow-up, the FFA did not fully implement one recommendation for which they were to ensure that:

- Foster parents receive a home inspection/evaluation prior to re-certification and that the FFA supervisory staff routinely monitor certified foster parent files to ensure on-going compliance.

The FFA representative responded that a home inspection is conducted at the re-certification. The FFA has developed a re-assessment form and it has recently been implemented.

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER

Re: Correction Action Plan

Dear Sharon,

This letter is in response to a request for Ettie Lee to submit a Corrective Action Plan describing the steps that have taken place to secure the safety and well being of our families and staff.

- On February 1st, 2013 Ettie Lee Foster Family Agency began implementing the foster Parent Self Evaluation/Annual Evaluation forms at each re-certification. Attached is a copy of both evaluations used.
- On March 25th 2013, Director Karen Cash asked FCSW Ann Marie Valenzuela to retrain the foster parent on issues of safety, and the licensing requirements of maintaining a locked gate entrance to her pool area. Mrs. Perez is in compliance with this direction and signed a document acknowledging that she understands the seriousness of the matter. On March 20th 2013 all other Agency Social Workers were instructed and trained as to the importance and the safety of foster parents maintaining a locked gate into their pool area at all times. They were also instructed to re-train their foster parents again as to the importance, safety issues, and licensing requirements of maintaining a locked gate to any pool area they may have. These in-home trainings took place March 20-26th 2013.
- In addition Director, Karen Cash is reviewing the Master Calendar of all NSP's with each Social Worker, in order to maintain compliance and adherence of their due date.
- Ettie Lee Youth & Family Services was also asked to have all Contract Social Workers that carry a caseload sign a document stating that they will not carry anymore then the already approved 15 cases. Attached is the document that Ettie
